

■ ESSAY GRADER

The Super Simple Guide for Anyone (Even a 15-Year-Old!)

How an offline AI assistant helps Ghanaian teachers grade essays in seconds without internet.

1. What is Essay Grader? (The 30-Second Story)

Imagine writing a 500-word English composition for your **BECE** or **WASSCE** exam. Usually, your teacher has to spend hours reading hundreds of paper scripts line by line with a red pen. It takes forever, and teachers get really tired!

Essay Grader is like having an ultra-smart assistant living inside your teacher's laptop. It can read handwritten paper scripts, spot spelling and grammar mistakes, calculate official WAEC scores (A1 to F9), and print out neat report cards for your parents — **100% offline without needing Wi-Fi or data bundles!**

■ Why Does '100% Offline' Matter in Ghana?

In many Ghanaian towns or school computer labs, Wi-Fi can drop or data bundles can run out. Because Essay Grader runs directly on the school laptop's internal computer brain, it never stops working — even during power outages or zero internet!

2. The 5 Super Powers of Essay Grader

■ 1. Zero Internet Required

Operates entirely inside the school laptop or local Wi-Fi router. Student essays are 100% private and never uploaded to foreign internet servers.

■ 2. Magic Handwriting Scanner (OCR)

Takes photos of pencil or pen compositions on lined paper and uses computer vision filters to turn messy handwriting into clear digital text.

■ 3. WAEC Grade Calculator (A1 to F9)

Applies official Ghana Education Service (GES) rules for Junior High (50 Pts) and Senior High (100 Pts). It breaks down marks for Content, Organization, Expression, and Accuracy.

■ 4. Multi-Student Batch Ingestion

Teachers can upload a single ZIP folder containing 50 student scripts at once. The app automatically groups everyone by name and Index Number.

■ 5. One-Click Printable PDF Report Cards

Creates official, beautifully formatted PDF report cards with diagnostic feedback and parent sign-off sections in less than 2 seconds.

3. Step-by-Step Walkthrough (How It Works)

Step	What the User Does	What Essay Grader Does
Step 1	Teacher opens the web app on laptop or tablet.	Displays the Educator Landing Page & checks local system health.
Step 2	Selects WAEC Marking Scheme (Rubric).	Loads exact GES scoring criteria (e.g. BECE English 50 Pts).
Step 3	Uploads paper photo scan or typed PDF essay.	Runs OpenCV Bilateral Denoising & OCR to clean text.
Step 4	Reviews AI suggestions & moves score sliders.	Calculates total percentage & maps WAEC Letter Grade (A1 - F9).
Step 5	Clicks <i>Lock & Export PDF</i> button.	Generates official PDF report card ready for printing!

4. WAEC Letter Grade Scale Reference

Percentage Range	Letter Grade	Remarks / Meaning
70% – 79%	B2	Very Good
60% – 64%	C4	Credit
50% – 54%	C6	Credit
40% – 44%	E8	Weak Pass

5. Summary
